

2018-2020 Three-Year Concurrent Audit Schedule

The Virginia Department of Rail and Public Transportation (DRPT), along with the Hampton Roads Transit (HRT), have established a more formal and structured ongoing three-year review process for complying with 49 CFR Part 674. The DRPT approach focuses on ongoing meetings and periodic, smaller reviews to accomplish its safety and security oversight objectives of the SSPP, PTASP, and SEPP. In addition, DRPT permits HRT to participate in the audit, and develop its own internal audit report in compliance with the DRPT Safety and Security Program Standards and Procedures.
